

The American Institute of Architects Continuing Education Systems

AIA/CES Registered Provider Program Summary Handout

Provider: Bomanite

Length: 1 hour

Program #: 1E0208

Credits: 1 LU hour

Program: Exposed Aggregate Concrete: Reveal the Beauty that Lies Beneath

HSW: Yes

Description:

The program is designed to look at exposed aggregate finishes as a decorative concrete option. The program explores the various types of exposed aggregate systems, application process, aggregate selection, color, aesthetics, as well as environmental and economical issues.

Learning Objectives:

After completion of this course, participants will be able to:

- Recognize the various types of exposed aggregate systems.
- Understand the techniques used to create exposed aggregate concrete surfaces.
- Understand how the final color of the concrete is affected by the aggregates and topical treatments.
- Understand how to make appropriate exposed aggregate systems selections based on environmental impact, performance requirements, aesthetics and budget.

How Taught:

The CES facilitator utilizes a PowerPoint or PDF slide presentation to provide an in-depth overview of exposed aggregate systems, applications and finishes. It will be an interactive session that encourages feedback and questions throughout to help reinforce the learning objectives. The program includes images of exposed aggregate projects found throughout the country and gives insight into the innovative advances of the decorative medium.

A/V Needs:

Electrical power and screen for the PowerPoint or PDF slide presentation. The CES facilitator will supply the laptop and projector.

Target Audience:

Architects, specifiers, designers, builders, owners and other design professionals. The audience size can be one-on-one or numerous attendees. The program meets the needs at every experience level and provides time for questions and answers.

Facilitator Qualifications:

All Bomanite and Bomanite Licensed Contractor CES facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

Costs:

There is no cost to bring this program into your firm or chapter meeting.

About the Provider:

Bomanite, the leader in the architectural concrete paving industry for over 50 years, has a network of specially trained and licensed contractors in more than 70 countries worldwide to service your architectural concrete paving and flooring needs.
